

# FORE *The Children*

Austin Children's Shelter Golf Invitational

**10th Annual Golf Tournament**  
September 25, 2017 • Spanish Oaks Golf Course

Friends and Supporters of ACS,

Without your support, this amazing golf tournament benefitting Austin Children's Shelter would not be possible. By participating in this event we have all, in some way, played a crucial role in supporting ACS's vision to be the safety net for abused and neglected children in Central Texas. Together, we are working to make a lasting difference in the lives of our community's most vulnerable children.

Steve Sproull and I have been involved with this event, not just for the love of golf, but because of the impact this one event can have on children in our community - children who need our help and strive for a brighter future. We come together each year to do our part in sharing the mission of ACS with the business community as well as our friends, neighbors, and co-workers. We believe it is critical to keep building this event, so year after year more people know about the work of this local agency and come to understand how important it is to continue to support such a great cause: "Fore The Children."

We look forward to seeing you this year at Spanish Oaks Golf Club!

Best,

Cosmo Palmieri

Austin Children's Shelter Golf Invitational

**September 25, 2017**

**Spanish Oaks Golf Course**

Join ACS at Spanish Oaks Golf Club for an unforgettable and unique golfing experience. This tournament is limited to 25 teams who truly enjoy the game at the perfect pace. Tee off mid-morning after a beautiful breakfast buffet. Enjoy uninterrupted golf, gourmet comfort stations, and a fabulous post tournament luncheon and high-end awards.

This is a four man shamble (one best ball, one net ball).

## ABOUT ACS

Founded in 1984, ACS is dedicated to ending child abuse, sexual assault and exploitation through prevention, intervention and advocacy for change.

ACS provides comprehensive intervention and prevention programs: residential services for kids in need of emergency shelter, teen parents, and youth preparing to “age out” of the state’s care; foster care and adoption placement and support; and medical and therapeutic services.

ACS is a program of The SAFE Alliance. ACS and SafePlace merged in 2017 to form SAFE, which addresses the intersections at which violence and abuse occur across the lifespan of individuals in our community. SAFE works through a variety of programs and services, including extensive home-based education and support programs for families with young children that have high risk factors for abuse and neglect; middle and high school programs that help youth build positive, healthy relationships; and community education to increase awareness and promote advocacy for change, among many other programs.
